

Written public comments are accepted by the Council at any time (see **ADDRESSES**); however, the public is encouraged to submit written comments as far in advance of meetings as possible. Written comments received in the office by June 21, 1995, will be copied and distributed to Council members and advisory entities. After that date, individuals wishing to present written comments should bring 35 copies to the Council meeting.

These meetings are physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Michelle Sailer at (503) 326-6352, at least 5 days prior to the meeting date.

Dated: June 7, 1995.

Richard W. Surdi,

Acting Director, Office of Fisheries Conservation and Management, National Marine Fisheries Service.

BILLING CODE 3510-22-F

COMMITTEE FOR THE IMPLEMENTATION OF TEXTILE AGREEMENTS

Request for Public Comments on Bilateral Textile Consultations With the Government of the Former Yugoslav Republic of Macedonia on Certain Wool Textile Products

June 6, 1995.

AGENCY: Committee for the Implementation of Textile Agreements (CITA).

ACTION: Notice.

FOR FURTHER INFORMATION CONTACT:

Anne Novak, International Trade Specialist, Office of Textiles and Apparel, U.S. Department of Commerce, (202) 482-4212. For information on categories for which consultations have been requested, call (202) 482-3740.

SUPPLEMENTARY INFORMATION:

Authority: Executive Order 11651 of March 3, 1972, as amended; section 204 of the Agricultural Act of 1956, as amended (7 U.S.C. 1854).

On May 26, 1995, under the terms of Section 204 of the Agricultural Act of 1956, as amended, the Government of the United States requested consultations with the Government of the Former Yugoslav Republic of Macedonia with respect to wool textile products in Category 434, produced or manufactured in the Former Yugoslav Republic of Macedonia.

The purpose of this notice is to advise the public that, if no solution is agreed

upon in consultations with the Government of the Former Yugoslav Republic of Macedonia, the Committee for the Implementation of Textile Agreements may later establish a limit for the entry and withdrawal from warehouse for consumption of wool textile products in Category 434, produced or manufactured in the Former Yugoslav Republic of Macedonia and exported during the twelve-month period which began on May 26, 1995 and extends through May 25, 1996, at a level of not less than 8,226 dozen.

A statement of serious damage concerning Category 434 follows this notice.

Anyone wishing to comment or provide data or information regarding the treatment of Category 434, or to comment on domestic production or availability of products included in Category 434, is invited to submit 10 copies of such comments or information to Rita D. Hayes, Chairman, Committee for the Implementation of Textile Agreements, U.S. Department of Commerce, Washington, DC 20230; ATTN: Helen L. LeGrande. The comments received will be considered in the context of the consultations with the Government of the Former Yugoslav Republic of Macedonia.

Because the exact timing of the consultations is not yet certain, comments should be submitted promptly. Comments or information submitted in response to this notice will be available for public inspection in the Office of Textiles and Apparel, room H3100, U.S. Department of Commerce, 14th and Constitution Avenue NW., Washington, DC.

Further comments may be invited regarding particular comments or information received from the public which the Committee for the Implementation of Textile Agreements considers appropriate for further consideration.

The solicitation of comments regarding any aspect of the agreement or the implementation thereof is not a waiver in any respect of the exemption contained in 5 U.S.C. 553(a)(1) relating to matters which constitute "a foreign affairs function of the United States."

The United States remains committed to finding a solution concerning Category 434. Should such a solution be reached in consultations with the Government of the Former Yugoslav Republic of Macedonia, further notice will be published in the **Federal Register**.

A description of the textile and apparel categories in terms of HTS numbers is available in the

CORRELATION: Textile and Apparel Categories with the Harmonized Tariff Schedule of the United States (see **Federal Register** notice 59 FR 65531, published on December 20, 1994).

Rita D. Hayes,

Chairman, Committee for the Implementation of Textile Agreements.

Statement of Serious Damage

Macedonia

Men's and Boys' Wool Coats Other Than Suit Type—Category 434

May 1995

Import Situation and Conclusion

U.S. imports of men's and boys' wool coats other than suit type, Category 434, from the Former Yugoslav Republic of Macedonia reached 8,226 dozen for the year ending February 1995, 79 percent above the 4,602 dozen imported in the year ending February 1994. Imports from were 4.4 percent of total U.S. imports of Category 434 for the year ending February 1995, and were equivalent to 5.4 percent of U.S. production of Category 434 in calendar year 1994.

U.S. imports men's and boys' non-suit type wool coats, Category 434, from during 1994 entered the U.S. at an average landed duty-paid value of \$658.37 per dozen, 39 percent below U.S. producers' average price for men's and boys' wool coats other than suit type.

The sharp and substantial increase of low priced imports from the Former Yugoslav Republic of Macedonia is causing serious damage to the U.S. market for men's and boys' wool coats other than suit type.

U.S. Production, Import Penetration, and Market Share

U.S. production of men's and boys' wool coats other than suit type, Category 434, declined in 1994, falling to 151,000 dozen, 4 percent below the 1993 production level. In contrast imports of Category 434 surged to 190,000 dozen in 1994, 42 percent above the 134,000 dozen imported in 1993.

The ratio of imports to domestic production increased from 85 percent in 1993 to 125 percent in 1994. The share of this market held by domestic manufacturers fell from 54 percent in 1993, to 44 percent in 1994, a ten percentage point decline.

BILLING CODE 3510-DR-F

DEPARTMENT OF DEFENSE**Department of the Army****Notice of Availability of the Record of Decision on the Final Environment Impact Statement for Disposal and Reuse of Fort Benjamin Harrison, Indiana**

AGENCY: Department of the Army, DoD.

ACTION: Notice of availability.

SUMMARY: The Record of Decision (ROD) documents the Army's decisions regarding the primary Army action of disposal of Fort Benjamin Harrison, Indiana. The ROD was developed in accordance with the Council of Environmental Quality Regulation and Army Regulation 200-2. The Final Environmental Impact Statement (FEIS) for Fort Benjamin Harrison Disposal and Reuse was filed with the U.S. Environmental Protection Agency on January 31, 1995, and its Notice of Availability was published in the **Federal Register** on February 10, 1995.

Based on the analysis contained in the FEIS for Fort Benjamin Harrison Disposal and Reuse, and all public and agency comments and ongoing coordination, the Army has determined that the FEIS adequately addresses the impacts of the Army's actions relating to the disposal of excess property at Fort Benjamin Harrison on the biological, physical and cultural environment. As a result of this ROD, the Army will proceed to dispose of excess property at Fort Benjamin Harrison.

Furthermore, the Army has determined that the Encumbered Disposal Alternative is the preferred Army action, and that the Army will begin the action of preparing for disposal: i.e. placing excess land in caretaker status: initiating interim leases and outgrants where appropriate; and proceeding with remediation of environmental contamination and disposal of excess property parcels as soon as they are available and all applicable environmental laws and regulations relating to the disposal process have been satisfied. Implementation of this action will result in disposal that achieves a responsible balance among the primary goals of disposing of property in a timely manner, supporting Army requirements, protecting the environment, and supporting the affected communities in their effort to develop productive uses of the property for economic recovery.

The Army will seek fair market value for property where appropriate. As required by the 1990 Base Closure Act, proceeds from this process are placed in

the base closure account to pay for the cost of closure, replacement facilities, and remediation of closing facilities.

The ROD has been distributed to interested agencies and the public prior to or simultaneously with filing of this Notice of Availability.

ADDRESSES: Questions regarding the ROD, or a request for copies of the document may be directed to Mr. William Ray Haynes, U.S. Army Corps of Engineers, Louisville District, P.O. Box 59, Louisville, Kentucky 40201-0059, or call (502) 582-6475.

Dated: June 7, 1995.

Lewis D. Walker,

Deputy Assistant Secretary of the Army (Environment, Safety and Occupational Health), OASA (IL&E).

BILLING CODE 3710-08-M

DEPARTMENT OF ENERGY**Financial Assistance: State of Alaska**

AGENCY: Department of Energy.

ACTION: Notice of intent.

SUMMARY: The U.S. Department of Energy announces that pursuant to 10 CFR 600.7(b)(2)(i)(C) it plans to negotiate Grant DE-FC07-95ID13368 with the State of Alaska.

FOR FURTHER INFORMATION CONTACT: Marshall C. Garr, Contract Specialist, (208) 526-1536; U.S. Department of Energy, 850 Energy Drive, MS 1221, Idaho Falls, ID 893401-1563.

SUPPLEMENTARY INFORMATION: The proposed grant with the State of Alaska would provide funds for completing engineering design, construction, and construction project management activities for the Tazimina Hydroelectric Project near Iliamna, Alaska. This grant would augment the State's funds associated with the construction of a hydroelectric project by the Iliamna-Newhalen-Nondalton Electric Cooperative, which is to provide electrical service to Native Americans who reside near the project. The Office of Utility Technologies has provided \$3,370,000 to the DOE Idaho Operations Office for support of this project. The total estimated cost for this project is \$10,500,000 with the cooperative partners and the State of Alaska sharing the remaining \$7,100,000. The applicant represents a unit of government and the activity to be supported is related to the performance of a government function within the subject jurisdiction. The State of Alaska is the appropriate lead agency for this project. The statutory authority for the proposed award is

Section 2603 of the Energy Policy Act of 1992, Public Law 102-486, codified at 42 U.S.C. 13525. The Federal Domestic Catalog Number is 81.087.

Dated: May 25, 1995.

J.O. Lee,

Acting Director, Procurement Services Division.

BILLING CODE 6450-01-M

Golden Field Office; Notice of Federal Assistance Award to Black Clawson Company, Inc.

AGENCY: Department of Energy.

ACTION: Notice of financial assistance award in response to an unsolicited financial assistance application.

SUMMARY: The U.S. Department of Energy (DOE), pursuant to the DOE Financial Assistance Rules, 10 CFR 600.14, is announcing its intention to enter into a cooperative agreement with Black Clawson Company, Inc. (BCC), to develop new equipment and processes to better liberate contaminants from waste paper fibers for more efficient separation. The BCC project represents an innovative, commercially viable technology that will result in waste reduction and decreased energy usage.

ADDRESSES: Questions regarding this announcement may be addressed to the U.S. Department of Energy, Golden Field Office, 1617 Cole Blvd., Golden, Colorado 80401, Attention: John Lewis, Contract Specialist. The telephone number is 303-275-4739.

SUPPLEMENTARY INFORMATION: The DOE has evaluated the unsolicited application according to paragraph 600.14 of the DOE Assistance Regulations, 10 CFR part 600, and the criteria for selection in paragraph 600.14(e)(1). Based on this evaluation, it is recommended that the unsolicited application for Federal Assistance entitled, "Improved Removal of Light and Sticky Contaminants From Waste Paper," submitted by BCC, be accepted for support. This award will not be made for at least 14 days, to allow for public comment.

Under this cooperative agreement, BCC will develop new equipment and processes to better liberate contaminants from waste paper fibers for more efficient separation. The project will be conducted through four simultaneous development efforts over a period of two years. The four developments, which are interdependent to various extents, include: An Improved Contaminant Liberation Unit (Development A), Vortex Separation Unit (Development
